will be love you till we're seventy,

And baby, my

heart, could still fall as hard, at twenty three,

I'm thinking 'bout how

People fall in love in mysterious ways
Maybe just the touch of a hand

Me, I fall in love with you every single day

I just wanna tell you I am

Take me into your loving arms

thou-sand stars
Place your head on my bea-ting heart

I’m think-ing out loud,
That may-be

we found love right where we are.

When my hair’s all but gone and my me-mo-ry fades,

And the crowds don’t re-mem-ber my name,
When my hands don't play the strings the same way,

I know you will still love me the same,

Cause honey your soul could never grow old,

It's ever green

And baby, your smile's forever in my mind and memory.
I'm thin-king 'bout how

People fall in love in mys-te-ri-ous ways

may-be it's all part of a plan

I'll just keep on ma-king the same mis-takes

Ho-ping that you'll un-der-stand.

So ba-by, now,
Take me into your loving arms,

Kiss me under the light of a thousand stars.

Place your head on my beating heart,

I'm thinking out loud,

That maybe we found love right where we are.

That may-be we found love right where we are.
Kiss me under the light of a thousand stars

ling, Place your head on my bea ting heart,

loud, That may-be we found love right

where we are. Oh may-be we found love right where we are.

And we found love right where we are.
