You called me out and taught me tough, With love, with love,

With love

Cause everytime I'm slipping away from myself,
You're the one that moves me like nobody else.

Chorus

Cause when I'm down and I'm done
And I'm coming unplugged.

When I'm ready to fall
You're the one

always holding me up
With love

else. Oh no
Cause when I'm down and I'm done

And I'm coming unplugged
When I'm ready to fall

You're the one always holding me up

With love, Love, ah

When I'm down, ah
When I'm coming undone, no
You're always there with love,

When I'm out, when I fall,

You're down yeah.

When I'm out, when I fall,

You're always, always, always there

When I'm down and I'm done

And I'm coming unplugged

When I'm ready to fall

You're the one
